## Cooling Season is Here!

The heat outside is turning up, which means it's time to turn your attention to the cooling season products you'll need in your tool bag!

Fieldpiece has a family of cooling season tools that helps HVACR techs get through the spring and summer seasons without a sweat.

### SM380V/SM480V

- Rugged, portable, versatile and water resistant.
- Works with our wireless scale, pipeclamps and psychrometers, and integrates seamlessly with the Job Link® System App.

### VP87/VPX7

- Features four in-line ports and the RunQuick® Oil Change System to make oil changes on the fly a breeze.
- Cuts evacuation time, so you can complete more jobs per day.

### SC440

- The mid-size essential clamp meter has virtually every parameter for electrical and thermal HVACR testing in one meter.
- This auto and manual ranger includes a host of safety features including a high-voltage LED and beeper, a continuity warning, push button non-contact voltage (NCV), a lead holder with detachable leads, and alligator probe tips for easy one-handed testing.

### SRS3

- The SRS3 Wireless Refrigerant Scale combines modern wireless electronics and rugged materials to perform at the high level you demand
- Wireless connection to both Job Link® System App\* and wireless manifolds (SM380V & SM480V)
- 252 lbs
- Water resistant
- 200 hour platform battery life

## Nu-Brite

- No. 1 Coil Cleaner in the HVACR Industry
- High foaming chemistry to lift dirt out of coil
- Brightens the condenser coils extremely well
- Available in traditional and concentrate formulas

## Foam-Brite

- Provides more foam than any condenser coil cleaner in the market
- Ultimate cleaning and brightening while it foams
- Use it in place of the more dangerous HF acid-based products

## Foam-Brite

- Provides more foam than any condenser coil cleaner in the market
- Ultimate cleaning and brightening while it foams
- Use it in place of the more dangerous HF acid-based products

## Alka-Brite Plus

- Cuts through greasy dirt better than acids
- Cleans and brightens
- Foaming helps lift out stubborn soils
- Biodegradable

## Nu-Solve NR

- Ready-to-use, non-rinse condenser coil cleaner
- Non-foaming, detergent based formula for emulsifying grime
- Formulated where water availability for rinsing the coil is problematic or solvent based aerosols are not desired

## Cal-Brite Plus

- Safe for use on indoor and outdoor coils
- Reformulated to be tougher on scale

## Evap Pow'r-C

- Cleans and emulsifies stubborn soils and deposits
- Metal safe... will not harm evaporator coil's metal surfaces during a no-rinse application

## The EDGE™ 2.0

- The EDGE™ 2.0 Series ESS32 PFH Pressure Flow Hybrid single stage cylinder regulator delivers unmatched convenience, safety and performance.
- One regulator to control both pressure and flow, allowing complete control of nitrogen for purging, brazing and high pressure testing.

## TruBlu Evacuation Starter Kit

- A10757-1XL
- These hoses are freaky fast!
- TruBlu hose has a 3/4" internal diameter delivering 16 CFM of conductance speed at 1,000 microns.
- Evacuate 80x faster than 1/4" I.D. hoses
- 6x faster than other "vacuum rated" hoses on the market today.

## CS100 Charging Scale

- Electronic Refrigerant Scale for A/C Maintenance
- Features a tethered display w/stand, auto-zero and adjustable feet with built-in level
- Selectable ranges: 110 lbs (50 kg) or 330 lbs (150 kg)
- Selectable units: lbs, lbs-oz or kg
- Powered by 9V battery

## Milwaukee M18, and M12 Batteries

- Offered in various different powers and capacities for all your electric tool needs
- Offers long-lasting performance and the best protection against jobsite conditions
